## **Multi-Purpose Toggle & Jaw Fittings**

### **Suncor Stainless has Developed a New Line of Light-Duty Rigging Products**

Plymouth, MA – September 12, 2013 – Suncor Stainless, Inc. has designed and developed a new line of pivoting threaded eye fittings. These new products are so versatile that they can be used for a variety of marine and industrial light-duty applications.

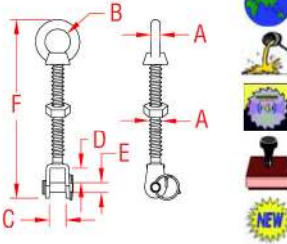

This line of rigging fittings is made from grade 316 stainless steel for maximum corrosion resistance and durability, making it ideal for even the harshest environments. It includes Wall Toggle Eyes (S0320-W), Jaw Eyes (S0320-J) and Toggle Eyes (S0320-T). Eye sizes range from 1/4" to 3/8" and are not welded to the threaded rod for easy removal. "These rigging toggles and jaws are offered in standard short and long length, but can also be custom cut to fit any application," says Patrick Striebel, President of Suncor Stainless. "We have developed these fittings to offer our customers universal attachment points with pivoting capabilities up to 180 degrees." They can also be used as repair or replacement links and are compatible with a variety other Suncor hardware, including shackles, turnbuckles, hooks, links, etc.

Suncor Stainless has a network of dealers throughout the United States and Canada that offer these rigging fittings and other quality stainless steel hardware. Please contact a Suncor sales representative to find a dealer near you. To learn more about Suncor's products, please visit [www.suncorstainless.com](http://www.suncorstainless.com) or call (800) 394-2222.

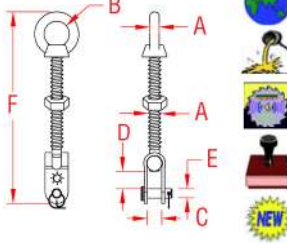

Suncor Stainless, Inc. is a leading manufacturer for stainless steel hardware in the industrial, marine, government, architectural, OEM and commercial industries. Suncor's modern facilities manufacture the highest quality stainless steel chain, wire rope assemblies and custom parts. The in-house capabilities

include a product development staff whose tireless efforts, along with valuable input from clients, work to continuously improve and perfect their ever-expanding product line.
