What's New at Suncor Stainless

## Easy Product Access

The Suncor Stainless Partner Portal is where you'll find information and tools to market, sell and support Suncor products for mutual success. This portal includes installation instructions, product specification, a photo gallery and a video library. To access the Partner Portal, visit the "Contact Us" page and click on the Partner Portal link or use the link below. First time users must create a new account by simply filling in a few fields, including username, email address and Suncor account number. <http://partnerportal.suncorstainless.com/>

## NEW PRODUCTS

### Hoisting & Lifting

**Strength & Versatility are in the Design**

The Complete Hoist Assembly includes the hoist anchor base, fixed shackle, threaded rod, washer and nut. It is made from grade 316 stainless steel for maximum corrosion resistance and durability. This base is offered in sizes ranging from 1/4" - 1" to fit a wide variety of lifting applications. The hoist assembly is primarily used as a way to attach lifting points to objects with no natural attachments. It features a set screw for securing it to the stud. The shackle has a 180 degree pivoting capability and the base can be secured in the desired position to provide a full range of motion.

**SIZES: 1/4" - 1"**  
**GRADE: 316 STAINLESS STEEL FOR LIFTING & HOISTING**

## More Options

Adding to our Expansive Line of Thimbles

The new Heavy Duty Thimble is available in sizes ranging from 3/16" to 1-1/4" to ensure a perfect fit for every project. This thimble is made from grade 316 stainless steel for maximum corrosion resistance and durability. It is ideal for marine and industrial rigging and wire rope applications.

- SIZES: 3/16" - 1-1/4" - HEAVY-DUTY VERSION  
 - GRADE: 316 STAINLESS STEEL

## Built to Survive

Do-It-Yourself Survival Bracelet

Make your own survival bracelet! This assembly includes our new Bracelet Strap and captive thimble. The strap is a sleek, curved design to fit comfortably on your wrist. The shackle features a captive pin for easy removal and adjustment without the loss of the pin. Both fittings are made from grade 316 stainless steel for maximum corrosion resistance and durability.

- SHACKLE SIZE: 3/16" - CONTOURED DESIGN  
 - ADJUSTABLE

# QUICK ATTACH™ Lifelines

## WITH GATE

## WITHOUT GATE

# Do-It-Yourself Lifeline Kits

## Rig a Lifeline in Minutes using Simple Hand Tools

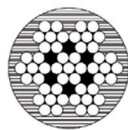

We have reconfigured our Quick Attach™ Lifeline Kits to offer simplicity and new options to our customers. Before, the lifeline kits included 40 ft. of wire rope and the appropriate Quick Attach™ fittings for a gated or non-gated lifeline. Now we offer the wire rope separately in lengths of 30 ft., 40 ft. and 50 ft.

The Quick Attach™ hardware is offered in a closed-body style as a gated or non-gated kit in a new, smaller carrying case. This allows customers to purchase the appropriate amount of wire rope for their boat.

**NEW!**  
Compact  
Carrying Case

## NEW PRODUCT Rigging Toggles

<http://www.suncorstainless.com/new-products-0>

### Light-Duty Rigging Toggles

We have developed a new line of light-duty rigging toggles. These fittings are made from grade 316 stainless steel for maximum corrosion resistance and durability, making them ideal for even the harshest environments. This line includes Wall Toggle Eyes (S0320-W), Jaw Eyes (S0320-J) and Toggle Eyes (S0320-T). Eye sizes range from 1/4" to 3/8" and are not welded to the threaded rod for easy removal. These rigging toggles and jaws are offered in standard short and long length, but can also be custom cut to fit any application. They were developed as universal attachment points with pivoting capabilities up to 180 degrees. They can also be used as repair or replacement links and are compatible with a variety of other Suncor hardware, including shackles, turnbuckles, hooks, links, etc.

**SIZES: 1/4" - 3/8" GRADE 316 STAINLESS STEEL  
MULTIPLE LENGTHS AVAILABLE**

Strap-It

## NEW PRODUCT Webbing

Ski Tow Tie-Down

### New Webbing Products

We have added a couple new products to our webbing offerings. The Ski Tow Tie-Down is offered in a variety of colors, including black, white, orange and blue. The overall length is 7", with a 2" loop on one side and a 3/16" ring with a bar on the other side. The primary function of this tie-down is for securing jet skis with bow and transom eyes to a trailer. The Strap-It features 1" black webbing sewn with a loop at each end and has a working load limit of 1,000 lbs. It is offered in lengths of 10", 13" or 16" to make attachment easy for any application. The Strap-It is a webbing product that offers an easy point of attachment or tie-down. This universal webbing product adapts easily to any application, as well as, protects the points of attachment.
