

PRODUCT BULLETIN

Heading into Fall with Suncor!

Easy Product Access

The Suncor Stainless Partner Portal is where you'll find information and tools to market, sell and support Suncor products for mutual success. This portal includes installation instruction, products specifications, a photo gallery and video library. To access the Partner Portal, visit the "About Us" page and click on the "Suncor Partner Portal" link or use the link below. First time users must create a new account by simply filling in a few fields, including username, email address and Suncor account number. <http://partnerportal.suncorstainless.com/>

NEW SUNCOR STAINLESS WEBSITE **WWW.SUNCORSTAINLESS.COM**

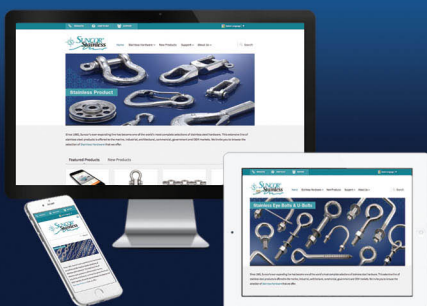

New & Improved

Introducing the New Suncor Responsive Website

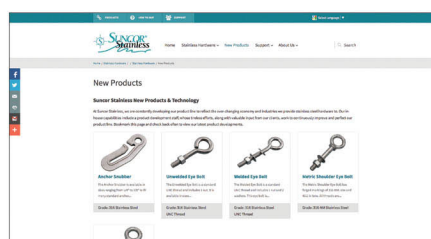

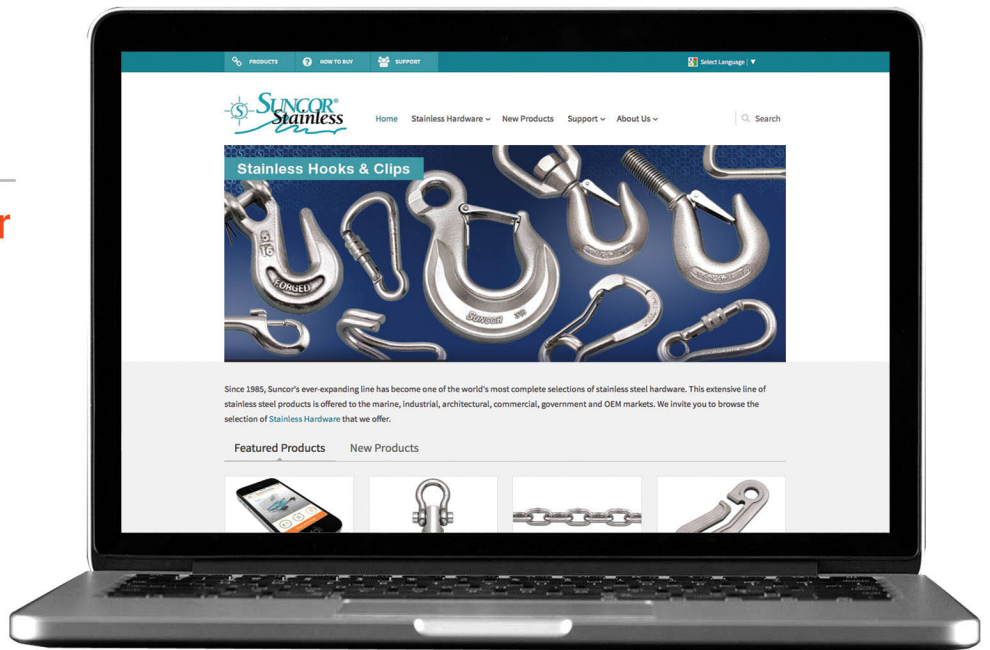

With the technologically advanced world we live in, we had to grow with the times. Our customers are now accessing the Suncor site using tools other than a desktop computer. When creating the new site, our goal was to make a responsive website that will adapt/format properly to the device our customer is using (phone, tablet, etc.). We invite you to explore the new Suncor Stainless website which went live at the end of July. We have made a lot of updates, but strived to keep it navigationally the same. Please let us know what you think of the new site. We welcome your feedback! Email carey@suncorstainless.com

- User Friendly / Easy Navigation
- Clean, Modern Look & Feel
- Expanded Product Information
- Product Support 2nd to None

ADAPTS TO ANY DEVICE

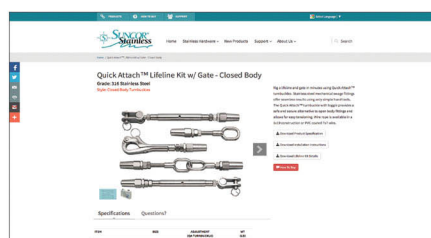

www.suncorstainless.com

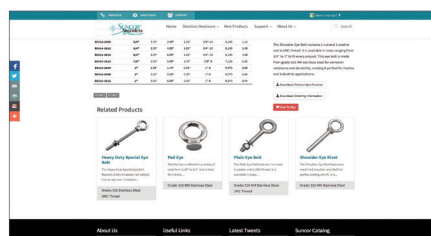

Updated New Products Section

We have refreshed the New Products section. We encourage customers to peruse the new products and technology for inspiration.

New Page Features

The new Suncor Stainless site is bursting at the seams with information. We have packed each page with all the information that you need to know about our products.

Additional Product Info

The product pages have been modified to include specifications, application images, related products, downloadable information and additional resources.

BILT.

Instructions Set for QuickAttach™ Hardware

Interactive 3D Instructions

Suncor has introduced a new way to deliver instruction for Quick Attach™ components through BILT. BILT is a revolutionary way of providing assembly instructions through a 3D and interactive format. This app can be used on Apple and Android devices. The voice guide gives step by step instruction on how to assemble our Quick Attach™ products. BILT gives time estimates, a list of tools needed and the number of steps. Visit your app store to download the BILT app for free. The BILT app now includes the Quick Attach™ hardware instruction set along with the Quick Attach™ Lifeline Kit instruction set.

BILT is an interactive, 3D, voice-guided app that is invaluable for any product requiring set-up, assembly, maintenance and repair.

DEPARTMENT HIGHLIGHT Carding

Suncor Stainless Carding Dept.

High Quality Product & Packaging

Suncor Stainless' pre-packaged merchandise is handled in-house with care and consistency by our carding department. We produce high quality packaging by combining durable materials with eye catching graphics and colors. All pre-packaged Suncor items come bar coded with a variety of packaging options, including shrink-wrapped cards, tie-on cards, blister boxes and labels. Suncor also offers custom packaging, such as "made to order" poly-bags with specified logos, colors and text (on both sides). This is made possible by our latest generation, automatic bagging machine. To find more information about our packaging services and custom options, visit: <http://www.suncorstainless.com/services-custom-0>

WATCH & LEARN VIDEOS

Mechanical & Hand Swaging Made Easy

View our informational videos on the Suncor Stainless website. These short videos show the installation process of our Quick Attach™ and hand swage turnbuckles and fittings. Use these as learning tools for your customers to see proper installation techniques and the ease of use. To view these videos, visit: <http://www.suncorstainless.com/suncor-stainless-product-videos>
