

PRODUCT BULLETIN

Heading into the Holidays with some New Products

Suncor's Volume 11 Catalog is Here!

The volume 11 Suncor Stainless catalog is hot off the press! We have added 12 pages full of new products and helpful references. Visit the Suncor website to learn all about these new products <http://www.suncorstainless.com/new-products-0>. We have also added a Fastener Matching Chart that is located towards the end of the catalog. This chart can be used as a convenient reference guide to finding the compatible fasteners for most Suncor products that require them.

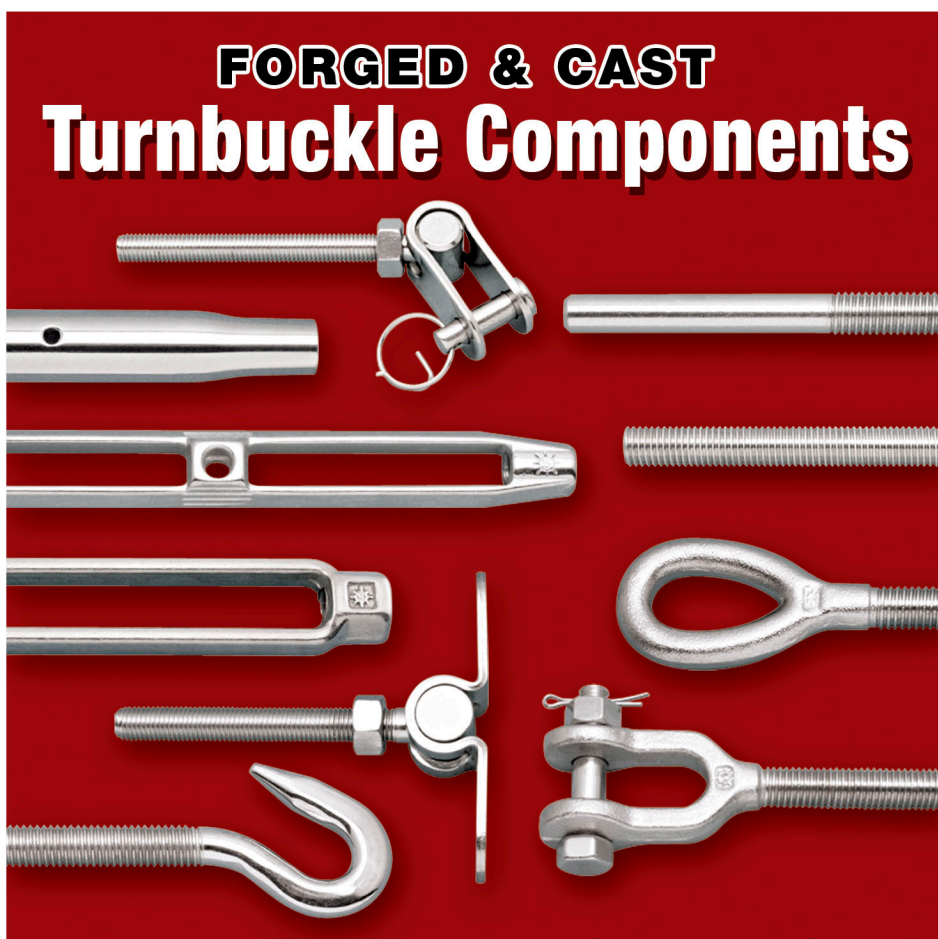

NEW PRODUCTS

More Options

A Turnbuckle for Every Application

We have begun to offer our stainless steel turnbuckle components individually. We now feature 14 different style components with over 180 sizes. This will allow for mixing and matching components to make the ideal turnbuckle for every marine and industrial application. The turnbuckle ends include forged and cast toggles, eyes, jaws, stubs, studs, hooks and wall toggles. These components are offered in a variety of sizes from 3/16" to 1-1/4". The body styles consist of open bodies and closed bodies with sizes ranging from 3/16" to 1-1/2".

SIZES: 3/16" - 1-1/2"
GRADE 316 STAINLESS STEEL
WLL: 100 lbs. - 17,000 lbs.
MULTIPLE CONFIGURATIONS

FORGED & CAST Turnbuckle Components

INDIVIDUAL Shackle Components

Pins & Bodies

Replacement Shackle Parts

We now offers stainless steel shackle components sold individually. These components are ideal for replacements parts and are made from 316 stainless steel for maximum corrosion resistance and durability. The shackle bodies are available in 2 styles, including anchor and chain, and are offered in sizes ranging from 1/4" to 1-1/4". Shackle pin styles include screw pin, bolt pin and cotter pin with sizes from 3/32" to 1-1/4". These pins are compatible with many of our current anchor and chain shackles.

SIZES: 1/4" - 1-1/4"
GRADE 316 STAINLESS STEEL
WLL: 1,000 lbs. - 14,000 lbs.
MULTIPLE CONFIGURATIONS

Domestic or Import?

We Now Have Both Anchor Shackle Options

When selecting the ideal anchor shackle for your application, we have doubled our offerings. We now have domestic and import anchor shackles in a variety of styles and sizes. These shackles are drop forged, load rated and made from grade 316 stainless steel for maximum corrosion resistance and durability. They feature sizes ranging from 3/16" to 1-1/4" and pin styles of screw pins, bolts and round pins.

SIZES: 3/16" – 1-1/4"
GRADE 316 STAINLESS STEEL
WLL: 650 lbs. – 14,000 lbs.

FORGED Lashing Rings

Demanding Tie-Downs

There is No Substitute for a Secure Design

Secure your next load with our new heavy duty lashing rings. They are designed for demanding tie-down applications. Choose from 2 different mounting styles including our bolt-on series or weld-on version, which provides flexibility in final placement. These rings are forged 316 stainless steel for maximum corrosion resistance and durability and are available in sizes ranging from 1/2" to 1". The "D" ring can fold flush when not in use. They are ideal for many cargo applications, such as overseas container shipments or long distance hauling in exposed elements.
