What's Going on at Suncor Stainless?

## **NEW** Barrel Chain Programs

Suncor Stainless chain programs offer high quality stainless steel chain that is manufactured Domestically in the United States and Imported. Our stainless steel is competitively priced to market and **now offer pricing by the barrel** and cut lengths. Product inventory is stocked and ready to ship from our Plymouth, MA and Las Vegas Warehouses. Contact your Suncor Stainless Account Manager for pricing and availability.

### DOMESTIC CHAIN PROGRAM

Suncor Stainless manufactures Stainless Steel Chain for all Industrial, Marine and Architectural needs. We manufacture high quality USA Made stainless steel chain. Our stainless steel chain is corrosion resistant, rust proof and will meet and exceed your expectations.

### IMPORT ECONOMY CHAIN PROGRAM

For a budget friendly Suncor Stainless imports Stainless Steel Chain for all Industrial, Marine and Architectural needs. All imported chain undergoes the same quality standards that our domestic chain does. Our stainless steel chain is corrosion resistant, rust proof and will meet and exceed your expectations.

**NOTE: Barrel pricing for full uncut barrels ONLY! Freight free over \$2500. 3+ barrel pricing can be mixed sizes (full barrels ONLY!)**

## NEW PRODUCTS

#### SHACKLES W/CAPTIVE & NO SNAG PIN

**S0116-CP Series & S0138-NS Series**

The Bow Shackle features a non-removable captive pin and is offered in sizes ranging from 1/4" to 15/32".

The Long D Shackle features a no snag pin that sits flush and is offered in sizes ranging from 5/32" to 1 1/2".

These shackles are made from grade 316 stainless steel for maximum corrosion resistance and durability, making it ideal for marine and industrial applications.

#### RATCHET ASSEMBLY ENDLESS

**S0201-Series**

The Ratchet Assembly Endless is available in multiple lengths, widths and colors. It features a stainless steel ratchet buckle for easy ratcheting capabilities. There is no hardware on the end of this assembly so it can be looped around an object and threaded back through the ratchet buckle. The ratchet buckle is made from grade 304 stainless steel. Nylon & polyester webbing available.

#### RIVET NUT INSTALLATION TOOL

**S0380-0000**

The Rivet Nut Installation Tool is to be used with rivet nuts. This tool includes 14 mandrels (Metric and Imperial; left hand and right hand thread), wrench, storage case and installation instructions. It features a scale identification, adjustable stroke and comfortable hand grips.

#### MANDREL

**S0380-Series**

The Mandrels are to be used with the Rivet Nut Installation Tool. They are available in right hand and left hand, UNF, UNC and metric thread to fit Rivet Nut Inserts.

# Q1, 2018 SUNCOR PRODUCT BULLETIN

We are now ISO certified to ISO 9001:2015 standard.

“ISO 9001 Certified” means an organization has met the requirements in ISO 9001. It defines an ISO 9000 Quality Management System (QMS). ISO 9001:2015 is focused on meeting customer expectations and delivering customer satisfaction so you must pay attention to the customer.

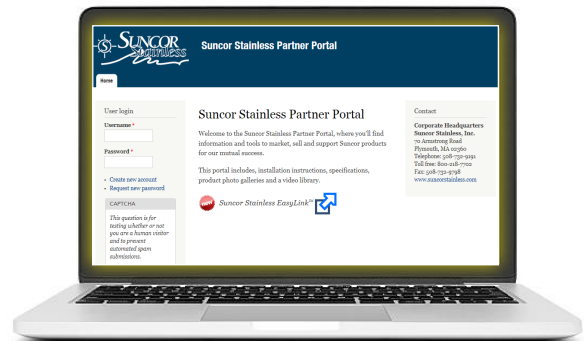

A complete ISO 9001 Quality Management System must address all the requirements of ISO 9001, including the ISO 9001 documentation requirements.

At its core, a Quality Management System is an integrative element, uniting diverse aspects of a company into a unified purpose of delivering products/services in their best form. Rather than be seen as a cost burden, an effective quality management system is viewed as a key component of success.

## SUNCOR PARTNER PORTAL

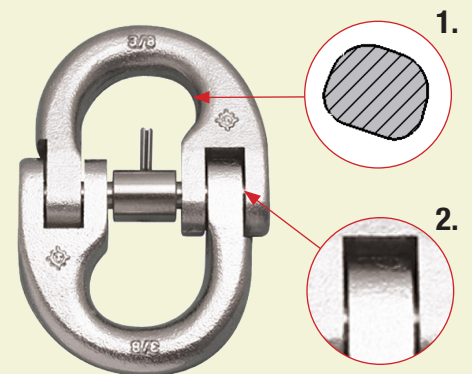

Visit the Suncor Stainless [Partner Portal](#) where you'll find information and tools to market, sell and support Suncor products for our mutual success. This portal includes, installation instructions, specification, product photo gallery and a video library.

**NOTE:** Registration is required for access to the Suncor Stainless Partner Portal. Please review the registration requirements and sign-up instructions on the [Portal homepage](#).

Suncor Stainless per-packaged merchandise enables you to stock with confidence, knowing each product is supplied with care and consistency. Clean looking stainless, durable packaging and attractive graphics make for a better shopping experience. Suncor's in-house packaging facility offers fast turnaround on orders. For more information on our Retail Packaging Program call us or visit our website: <http://www.suncorstainless.com/retail-packaging>.

Some of our OEM customers:  

The Hammerlock Link is load rated and made from grade 316 stainless steel for maximum corrosion resistance and durability. Use these stainless steel hammerlock links when high strength is desired.

1. The Hammerlock Link is drop forged and inner and outer surfaces have a flattened profile.
2. Where the link halves join they are precision machined for reliable fit and greater movement.
