

FOR IMMEDIATE RELEASE

Suncor Stainless Presents 233 Stainless Steel Products Qualified Under Military Specification MIL-DTL-32655

Plymouth, Massachusetts, May 28, 2021 – Suncor Stainless, Inc. has qualified 233 corrosion resistant stainless steel products under military specification MIL-DTL-32655. The 233 products are all available for commercial use and their qualification to MIL-DTL-32655 demonstrates Suncor’s commitment to quality standards and customer satisfaction. Suncor Stainless provides one of the most complete selections of high quality stainless steel chain and hardware available.

As an ISO 9001:2015 certified company, Suncor’s products are subjected to comprehensive testing and quality control and qualifying a set of products for MIL-DTL-32655 and other standards and specifications is a familiar process for Suncor.
