

# IN THE LOOP

What's Going on at Suncor Stainless®?

## Winter is Coming

Start Next Season Fresh with New Railing and Bimini Hardware

Start next season fresh with new railing and bimini hardware by Suncor Stainless. We offer the essential fittings to completely overhaul your bimini setup. Suncor's collection of bases, elbows, tees and corner fittings is offered in a variety of configurations and angle degrees. All of the bimini and railing hardware is precision cast using 316 stainless steel and sized to accommodate 7/8" or 1" tubular bimini railing. Bimini components feature a mirror polished finish for maximum corrosion resistance. Also available for order is a full line of 316 stainless steel fasteners which can be used to mount the replacement bases to your boat. Leave your worries behind and enjoy being on the water knowing Suncor has you covered!

## CUSTOM PRODUCTS

### Do You Need Something Custom?

You can count on Suncor!

While our standard products are suitable for most applications, we also welcome custom work to meet the needs of our customers. We take pride in tackling even the most challenging custom projects. Suncor can create something from the ground up or modify one of our existing items to fit your needs. Not sure if we can do it? Ask. Chances are we can, anything is possible!

We have invested millions of dollars into our state-of-the-art manufacturing facility, equipment, and personnel. Our team will work with you to design and fabricate virtually any stainless-steel needs you can think of!

**Our equipment and welding capabilities include:**

- CNC Swiss Screw Machine
- CNC Multi Axis Lathe Machine
- CNC Tube Drilling and Milling Machine
- CNC Lathe/Turning Machine
- CNC Milling Machine
- TIG and MIG Welding

Take a look at some common custom products:

**ROD ENDS**

**Grade:** 304 Stainless Steel  
The Custom Rod End can be made to fit your specific dimensions and specifications. It is available in sizes ranging from 3/8" to 1" and lengths from 3" to 10". This rod end is made from grade 304 stainless steel for corrosion resistance and durability.

**EYE BOLTS**

**Grade:** 316 Stainless Steel  
**Thread Type:** UNC  
The Custom Eye Bolt Set features a fully threaded rod welded into an eye nut. It includes one nut and washer and is UNC thread. This eye bolt is available in sizes from 1/4" to 1" and is made from grade 316 stainless steel for durability and corrosion resistance. The shank can be cut to any desired length.

**HEX NUT BLANKS**

**Grade:** 316 Stainless Steel  
The Hex Nut Blanks come in a range of larger sizes from 5/8" to 1-1/2" (M16 to M39). These are unthreaded blanks that need to be threaded. Suncor offers threading services. Designed to be universal, each blank size can be UNC, UNF or Metric threaded. Made from grade 316 stainless steel for maximum corrosion resistance and durability, these nuts are perfect for marine and industrial applications.
