

## Giving Back

At Suncor Stainless we feel it is important to give back to the community, especially during the holidays. This is why every

year we hold a company "Toys for Tots" gift drive for children in need. Since the start of our company toy drive, we have exceeded our previous year's donations. We encourage our customers to participate in the "Toys for Tots" drive this holiday season and those to come. For more information on where you can donate in your area, please visit: [www.toysfortots.org](http://www.toysfortots.org).

## CHECK OUT OUR NEW BENT LASHING RING SERIES

**NEW  
PRODUCT**

### Suncor Stainless<sup>®</sup> Bent Lashing Ring Series

- New Bent D-Rings are angled and extend beyond the surface. They are designed to enable the user to attach lashing fittings to the ring without having to lift the ring first, which allows one-handed attachment.
- Bent D-Rings are an expansion of Suncor's standard D-Ring Shape product line series.
- Made from marine grade 316 stainless steel which wears extremely well, is tarnish-resistant, features low oxidation rates, and is resistant to corrosion when exposed to harsh environments.
- They are suitable for demanding tie-down applications as long as the specified working load limits (WLLs) are strictly adhered to. The WLLs for the series range from 3,000 lbs. to 8,500 lbs. (1,361 kg – 3,856 kg).
- Ideal for cargo applications such as overseas container shipments or long-haul trailering equipment cross country.

## CLIPS

[Click here to see our full selection!](#)

- Suncor offers a wide variety of clips: spring, trigger, swivel, fixed, and double bolt, just to name a few.
- All clips come in either 304 or 316 grade stainless, and are perfect for a large variety of activities.
- Widely used in climbing or caving, sailing or rope working, we have the exact clip or carabiner to suit your need!

## SERVICES OFFERED

Suncor Stainless is committed to quality and unparalleled customer service, it is our goal to provide you with the best products on the market. Suncor's modern facilities manufacture an extensive array of ever-expanding product lines. We offer a variety of value-added services as well as custom stainless steel manufacturing. Our services include custom stainless steel chain assemblies, custom stainless steel manufacturing, threading, machine swaging, product testing, custom webbing, and retail packaging.

### RETAIL PACKAGING

Suncor's retail packaging program features:

- Standard sizes
- Bar coding
- Full product description
- Durable packaging
- Colorful graphics
- Customizable packaging programs
- A knowledgeable and courteous support team

### PRODUCT TESTING

Suncor tests all product that we sell in three areas: elemental metals content, stress and tensile strength, and physical salt spray for corrosion resistance proofing. Additionally, all products are physically inspected (PI) for design dimension and physical appearance.

### WIRE ROPE & SWAGING

Make Suncor your one-stop-shop for all your custom wire rope assembly needs. We stock a large variety of stainless steel wire rope and swage components to provide a quick turnaround on large and small custom assemblies for architectural, marine, industrial and military applications.
