EMPLOYEE HIGHLIGHTS

NEW EMPLOYEE - To accommodate the rapid growth in the past few years, Suncor® Stainless is delighted to announce the newest addition to the Suncor® Stainless sales team. Michelle Newton, who is stepping into the role of Northeast Region Account Manager, comes to us with decades of experience in the Industrial, Construction, Oil & Gas, and Fastener markets with Stanley Black & Decker. She has worked in multiple regions, along the Gulf Coast as well as New England. Her in depth experience includes account management, customer service, and e-com sales, making her a great fit at Suncor Stainless. Michelle has led sales and marketing groups in various industries, markets, and regions throughout the U.S. We are excited to welcome Michelle to the Suncor family, and we are happy to say she has already hit the ground running in her new role.

"I'm excited to take over the Northeast territory for Suncor Stainless and aligning with their exceptional values while providing outstanding customer service. My role will bring different challenges and allow me to work with new customers with an industry leading product line."

- Michelle Newton, Northeast Region Account Manager

PROMOTION - Suncor Stainless is excited to announce that Janelle Veiga has been promoted to the position of East Region Sales Manager. Janelle has been with Suncor® Stainless for 15 years, starting in Customer Service and most recently as the Southeast Regional Account Manager. She has played an integral role in our team's achievements, and Suncor's rapid growth the past few years. We are pleased to see her thrive in this new leadership role and congratulate her on her well-deserved promotion.

"I am extremely excited to start my new career chapter with Suncor Stainless, a company that I have worked with for over a decade. Suncor's dedication to customer satisfaction, safety, and quality are top notch, and I look forward to working with my team to meet and exceed our customers' needs."

- Janelle Veiga, East Region Sales Manager

NEW SUNCOR OVERVIEW BROCHURE HOT OFF THE PRESS!

Check out what makes Suncor the premier manufacturer of stainless steel hardware and components in the industrial, marine, architectural, commercial, government and OEM markets.

ARCHITECTURAL

Suncor Stainless offers a variety of fasteners, cable connectors, tensioning devices, turnbuckles and other hardware components designed for use with our wire rope and chain selections. Architects and engineers will find a wide selection within this category, all made from low maintenance and corrosion resistant 316 stainless steel. Several items are designed around wire rope or chain diameter making it easy to choose compatible fit tags when creating assemblies. Hand us to help with a custom rope or chain assembly or other machine design and welding services, as well as, proof load testing and certification. Let our stainless product know in your next architectural project!
