

**FOR IMMEDIATE RELEASE**

**SUNCOR® STAINLESS EXPANDS OPERATIONS WITH NEW 30,000 SQ. FT. BUILDING TO SUPPORT PRODUCTION AND OVERSTOCK NEEDS**

**Plymouth, MA, April 2, 2025** – Suncor® Stainless Inc., is the leading manufacturer for stainless steel hardware in the industrial, marine, government, architectural, OEM and commercial industries. Suncor® Stainless is proud to announce the expansion of its operations with a new 30,000-square-foot facility located adjacent to their headquarters in Plymouth, MA. This new addition, which spans across 4 acres, will be used primarily for expanded production capacity and to house excess inventory and better serve and supply their customers, further enhancing the company’s operational efficiency.

The spacious new building has been designed with a focus on supporting the company’s growing production needs. The new space also features high-power capabilities, making it ideally suited for the demands of modern manufacturing operations. This strategic expansion will not only streamline production processes but will also ensure that Suncor continues to meet the increasing demand for its products in a timely and efficient manner.

*“We are thrilled to open this new facility and increase our operational capacity. Being able to expand right next to our existing building allows us to scale our operations quickly and efficiently. With our new high-power manufacturing capabilities and added space, we are poised for continued growth, while providing even better service to our customers.”*

- Patrick Striebel, President

With the new location neighboring their Plymouth, MA headquarters, along with their west coast location in Las Vegas, NV, Suncor Stainless boasts over 150,000 total square-feet of production power and stocking capabilities. The additional space will support the company’s ongoing product line growth and allow Suncor to better meet and exceed the needs of its customers. This strategic move underscores Suncor Stainless’ dedication to continuous innovation, growth, and delivering the highest quality products in the industry.
